

ACCELERATE

LEADERSHIP MENTOR PROGRAM

ACCELERATE Leadership Mentor Program is an initiative of Greg Mowbray and the Licence to Lead Leadership Development Program.

ACCELERATE is for MDs, GMs, Senior Executives and business owners who want to up their game when it comes to providing leadership to their people. Life can be lonely at the top! Even though they may be surrounded by people, leaders often don't have the guidance and objective viewpoint that they need from time to time.

ACCELERATE has two components - a monthly group mastermind meeting and a one on one mentor session. Greg will personally conduct both components. He will share his work around moving from just managing to becoming a highly effective leader and will include his experience from helping thousands of people make that transition.

Program Benefits

- Expert leadership advice and guidance
- Time out to reflect and reenergise
- Networking with other like minded leaders
- Opportunity to ask questions about individual challenges
- Support and guidance

Inclusions
